

Hand/Finishing Pads, Very Fine 10pc

Abracs non-woven hand pads provide consistent surface preparation, ideal for cleaning a wide range of applications and specially designed to resist loading, prolonging pad life. The pads are dense, for consistent action without compromising durability and their flexible construction is ideal for grooves, scratches in channels and other hard to reach areas. Manufactured from premium grade material & suitable for use on virtually all materials including stainless steel, metal, plastic & aluminium.
