

Oetiker Universal CV Boot Clamps 50-110mm 10pc

A pack of 10 adjustable metal band clamps suitable for use on constant velocity joint (CVJ) rubber boots. They feature a choice of engagement positions allowing them to be adjust to several different diameters, have rounded band edges reducing the risk of damage to the components being clamped, with the clamp ear allowing for a simple and fast installation.

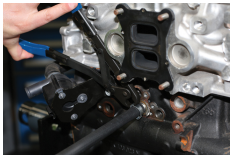

Additional Information

- Adjustable ear clamps for simple & fast installation. The visible deformation when squeezed demonstrates evidence of proper closure, with the rounded band edges reducing the risk of damage.
- Diameter range: 50-110mm. Band width: 7.0mm. Thickness: 0.8mm. Ear width: 8.5mm.
- Suitable for use with aftermarket constant velocity joint (CVJ) rubber boots.
- Simple to fit with Laser hose clip fitting pliers (Part No. 8261) & CV boot clamp pliers (Part No. 7316).
- Also available; 25-40 mm (Part No. 32297), 2pc set containing 25-50mm & 54-120mm (32299).
