

Assorted 90° Angled Fuel Line Quick Connectors 15pc

A set of 5 different sized angled fuel line quick connectors allowing for tight connections on a range of fuel line inner diameters from 6mm to 10mm. The 90° angle provides easier fixing in tight spaces. Quick connectors are designed for the automotive industry for water cooling systems or the transfer of fuel, oil and air. The self locking connector enables it to be connected and disconnected with ease and speed, while the wide operating temperature range ensures it can cope with the extreme temperatures that could lead to cracking and leaks.

Additional Information

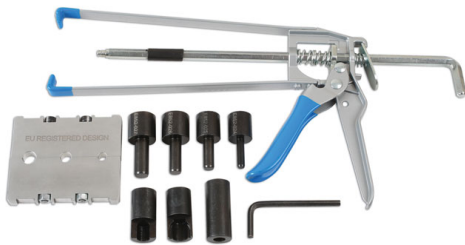

- 90° angled connectors, sizes: 6.3 x 6mm, 7.89 x 8mm, 9.49 x 8mm, 9.89 x 8mm and 11.8 x 10mm.
- Constant running pressure: 5 bar (72psi); max pressure: 7 bar (101psi). Operating temperature: -40°C to 120°C.
- Body manufactured from nylon PA12; O-ring from FKM seal (viton). Made to SAE J2044-2009 standards.
- Grey tab for fuel identification (note: AdBlue® specific connectors have red tabs).
- Top up packs available (3pc), see Part Nos. 37207 (6.3 x 6mm), 37211 (7.89 x 8mm), 37208 (9.49 x 8mm), 37209 (9.89 x 8mm) and 37210 (11.8 x 10mm).
