

2K Superglue Kit C390 10g

A 2 part, fast curing, gap filling cyanoacrylate with excellent bonding characteristics, suitable for a variety of substrates including plastics, rubbers & metals. Designed to gap fill up to 5mm. The gel prevents the adhesive to run even on vertical surfaces. Also suited to bonding porous materials such as wood, paper, leather & fabric. Professionals choice of workshop anaerobics and adhesives made in the UK.

Additional Information

- Fast curing two part clear gel instant adhesive.
- Cures within 90 - 150 seconds.
