

Mechanics Cut Resistant Gloves - XL 3 Pairs

These cut resistant mechanics gloves have been designed to be lightweight and flexible enough so that they offer dexterity and grip even in wet and oily conditions whilst providing protection against cuts and abrasions. Manufactured from 15 gauge nylon plus spandex liner with a SKINTEK coating, they conform to EN 388:2016 for abrasion, cut, tear and puncture resistance, are silicone free, and the coating allows for the operation of touchscreen devices. They are ideal for use by professional and home mechanics alike, together with; plumbers, warehouse workers, delivery drivers, or for use when gardening or carrying out DIY. They come as a set of three pairs, and are supplied in a resealable bag.
