

Add-a-Circuit Micro Blade 3 Fuse Holder 1pc

An add-a-circuit fuse holder, sometimes known as a piggy back fuse holder, provides a simple yet effective method of providing an additional circuit from which to take a fused power feed without having to cut or splice into a wiring harness or loom. Ideal for when hardwiring in a dash cam, tracker, sat-nav, accessory socket etc.

Additional Information

- Piggy back fuse holder.
- Suitable for Micro 3 Blade fuses.
- Compatible wiring 14 - 16 AWG.
- Max Current 10 amps.
